

1. Open an internet browser and search for go.schoolmessenger.ca
2. Click Sign up
3. Use the email address on file at the school and create a password
4. Click Sign up
5. You will get a verification email, check email and follow instruction
6. Download BLUE schoolmessenger app and use same email and password to log on

The image shows a screenshot of the SchoolMessenger sign-up page. On the left, there are two callout boxes with a blue border and white background. The top callout box contains the text: "Use your email address and create a password". The bottom callout box contains the text: "Click Sign up, you will get a verification email to your address, click the email and log into SchoolMessenger" and "You can then download the app and use the same email and password on the app".

The sign-up form on the right is titled "Sign up" and includes a blue instruction box: "Use the same email address your school has on record. If you wish to use a different one, please contact your school and ask them to update your email address." The form fields are: "Email" (with a red dashed line indicating a validation error), "Password" (with a strength indicator showing "One lowercase letter", "One uppercase letter", "One number", and "6 - 255 characters"), and "Location" (set to "CA Canada" with a "Switch location" link). A blue "Sign up" button is at the bottom, and a link "Have an account? Log in" is below it.
